Online Continuing Education  
Issue No. 22 • March 2008 • NEWSLETTER

### Thank You!

#### **It has been another great year.**

Our annual sales cycle tends to peak in the 1<sup>st</sup> quarter of the calendar year, and while this is not quite an opportunity to thank all those customers, old and new, who have used eClassroom services for the year, we continue to grow strongly, with new customers around Australia and internationally, and it is very rewarding to provide quality services to such a broadly distributed professional market.

### 2008/09 Programme

#### **What to look forward to!**

Looking forward in 2008/09, eClassroom intends to build upon the feedback and ideas that customers have provided.

In terms of access, functionality and format of our eClassroom services, survey responses indicate that customers are happy with our current delivery and customer service. However customers have provided us with many suggestions to address in the future. Many of these are around ESD, Urban Environments, Planning, Local Government and Professional Development. We have a plan to address a significant number of these topic areas over the next 12 months... so stay tuned for more in our newsletter.

#### **Spread the word.**

Our best marketing is through our satisfied customers, so please continue to pass this Newsletter on to colleagues who they can register on our mailing list.
