

Membership of the BDA

The BDANSW was incorporated in this State in 1992, by a group of enthusiastic Building Designers who believed in the benefits and recognition to be gained by belonging to an Association.

Membership has increased steadily over the years, accompanied by growing interest and enthusiasm. Just as we Designers are passionate about our work, similarly are we supportive of the Association which represents us at the highest levels.

The BDA provides us with a recognisable and unified voice to government and the media, and showcases Members' works at the Annual Gala Design Awards. Our PD Programme encourages Member's personal education, and is supported by trade presentations and educational speakers at branch meetings, seminars and the annual BDA State or National Conferences.

The "National Building Designers Brief" and our State Magazine "Perspectives" provide vehicles for the promotion of both the Association and its Members, and our new Magazine "Award Winning Design" (featuring the "top designs" from the Awards) is set to become a "best seller" in newsagents. In addition the BDA publishes many documents such as a Client-Designer Contract of Engagement.

BDA Membership means a commitment to excellence, to a better environment, and to providing professional services to the public.

Is This You?
